Wright's Epsom Lithia Water.

This water belongs to the saline class, of which the essential and active agent is Sulphate of Magnesia (Epsom Salts). The great preponderance of this agent gives it marked advantage over other waters of its kind. Its effects are laxative, diuretic, tonic and alterative. It is indicated in all functional derangements of the stomach, bowels, liver, kidneys and bladder. The laxative action is peculiarly effectual and as a remedy for constipation it is without a rival among mineral waters, or drug remedies. If you are a subject of this common and annoying complaint give Wright's water a fair trial, and you will certianly be pleased.

County Officers in Arkansas Said to be Armed to Resist a Decree Ousting Them from Their Positions.

Memphis, July 24.—Dispatches received here today told of a serious state of affaids in Osceola, Ark., where it was claimed Sheriff Rowen and Circuit Clerk Driver refused to vacate their offices, although having been removed by the Governor. It was said that many persons were armed and an outbreak was regarded as imminent. A correspondent was sent to Osceola this afternoon and at 8 oclock tonight a telegram was received from him, stating that the stories had been exaggerated and that the town was quiet.

A few days ago Governor Davis revoked the commissions of Sheriff Sam Bowen and Circuit Clerk Driver and issued commissions to John A. Lowell and J. W. Rhodes, respectively. At the election last September Rhodes ran for clerk and Lowell for sheriff on what was called the independent ticket. The returns showed that Driver and Bowen were elected and they have held the two offices since. A contest was instituted in the courts and the county court declared Lowell and Rhodes elected. The Circuit Court held to the contray and on appeal the Supreme Court of Arkansas on July 13 sustained the county mourt and remanded the cases. Governor Davis thereupon revoked the commissions of the incumbents. The report reaching here is that the Driver and Bowen factions hold possession of the court house and refuse to vacate, while Lowell and Rhodes are supported by a strong armed following and a clash is expected at any time. Driver and Bowen, it is said, dispute the authority of the Governor to revoke their commissions. Feeling runs high.

Around the World in Sixty Days

Chicago Record-Herald.

Charles C. Fitzmorris, whom the Chicago American sent around the world, has more than realized in fact what Jules Verne dreamt in fiction, but that was not such a great thing to do. Several live world-girdlers in flesh and blood have made time that might have disturbed the superb self-possession of Phineas Fogg, the Verne wonder, and the greater glory of Fitxmorris is that he has beaten them. He has made the grand circuit in less than sixty-one days, thus lowering the record by something like two days.

When we consider that Verne's story, "Around the World in Eighty Days" was written less than thirty years ago, and that it struck contemporary readers with all the charm of wild romance, we must feel more than ever how marvelous is this era of progress in which we live. Pineas Fogg fascinated because he was so unreal, so superhuman. Admiring younth fell down and worshipped before his nerve and nonchalance, which even they knew was too good to be true. But now a youth of the day, who is an American youth and a Chicago youth, eclipses the deed if not the character of the impossible hero.

SIX SHOT BY AN INSANE MAN.

ONE DEAD AND ANOTHER BADLY HURT.

Michael Kelly, After Being Released from an Asylum, Starts Out in Leavenworth, Kan., to Kill the Men Who Sent Him There, and After Shooting Six People Meets Death at the Hands of the Police Officers.

Leavenworth, Kan., July 24.—Michael Kelly, an insane man today at the office of the Robert Garrett Lumber Company, in the business district, shot six people, killing one, probaly fatally wounding another and more or less seriously wounding four others. He was himself finally killed by officers who tried to overpower him. The victims: John R. Garret, aged 40, junior member of the firm of the Robert Garrett Lumber Company, died at hospital; Michael Kelly, aged 50, died after being taken to the police station. Injured: Dr. Charles McGee, aged 30, shot in back and probably fatally wounded: Police Sergeant Mm. Dodge, shot in neck; wound serious; Michael McDonald, detective, shot in leg, slight; Jos. Falthger, policeman, shot in hand, wound slight.

Kelly had lived in Leavenworth for years and at different times had engaged in minor business enterprises. He was arrested and adjudged insane, Garrett, and four others testifying against him. After a year in the Topeka asylum, Kelly was released. He had been acting queerly again and had declared that he would kill the five men who sent him to the asylum. For two weeks he has been practicing shooting with a revolver daily at the Fort Leavenworth range. Last night he drank heavily.

Soon after 12 o'clock today he appeared at Garrett's office and without warning shot Garrett as he sat at his desk. Garrett fell to the floor and Kelly deliberately fired four more shots into the prostrate form. Leaving his victim for dead, Kelly ran to the rear of the company's lumber yard and began reloading his revolver. Presently he returned to the office to find Dr. McGee, who had been attracted by the shooting, bending over Garrett. Levelling his revolver Kelly took aim at the physician and fired. The bullet struck McGee in the spine, and he toppled over near where Garret lay.

Then followed an exciting street fight between the madman and officers who came upon the secene. Kelly, flourishing his revolver, dashed through the lumber yard. He met Ike Healer, a laborer, and shot him in the hand. A few yards further on the encountered Sergeant Dodge. The two exchanged shots as they ran. One bullet from Kelly's revolver struck Dodge in the neck, but not before the officer had shot him in the shoulder. Kelly kept running and was soon confronted by Detective McDonald and Officer Flather. McDonald dropped Kelly with a bullet in the neck. Dodge raised his revolver, but it failed to work and catching up with the murderer, he crushed his skull with the weapon. Kelly was carried to the station in an unconscious condition. He died soon after his arrival there.

Garret did not regain consciousness and died an hour after being taken to the hospital. Dr. McGee is still suffering seriously and it is believed he cannot recover. Dodge's wound is not considered fatal, while the wounds of the others are slight.

A Little Fable

Baltimore American.

A Certain Man, having amased a large sum of Money, was Anxious to have some Improvements made in the manufacture of His Product, so that he mught amass more Money.

So he called in a College Graduate, who devoted Himself well to the Work and Soon Reached a Conclusion which Showed that Twice as Much Goods could be Made for Half the Cost.

Then the Man Discharged the College Graduate, and Later on Wrote an Article for the Magazines Showing that College Men were Failures in Business, and that it took the Horney-handed Son of Toil to Get all the Money.

He based his Argument upon the Fact that the College Man could not Earn any more than the Moneyed Man would pay him.

A COURT FOR SCHLEY INQUIRY.

MR. LONG WILL NAME ITS MEMBERS

Admiral Schley Calls the Attention of the Secretary of the Navy to the Statements Contained in Maclay's History Regarding His Action in the Fight Off the Cuban Coast and Asks for an Investigation.

Washington, July 24.—Secretary Long this morning received a letter from Rear Admiral Schley calling attention to the criticisms against him which are contained in Maclay's History of the Navy and the innuendoes which have appeared in the press for several days, and stating that, in his opinion, the time had now come to take such action as would bring the entire matter under the clear and calm review of his brothers in arms. He asked that the Department take such action as was deemed best to accomplish this purpose. He also requested that whatever action be taken should occur in Washington, where his papers and data are stored. The Secretary immediately decided to comply with Admiral Schley's request and dictated a letter to the rear admiral, saying that under the circumstances he heartily approved of his action and that the Department would proceed at once in accordance with his request. Admiral Schley's letter is as follows:

"Great Neck, Long Island, N. Y., July 22, 1901.

"Sir: Within the past few days a series of press comments have been sent to me from various parts of the country of a book entited 'The History of the Navy,' written by one Edgar Stanton Maclay.

"From these reviews it appears that this edition is a third volume of the said history extended to include the late war with Spain, which the two first volumes did not contain, and were in use as text-books at the Naval Academy.

"2 From excerpts quoted in some reviews, in which the page and paragraph are given, there is such perversion of facts, misconstruction of intention, such intemperate abuse and defamation of myself as subjects Mr. Maclay to action in civil law. While I admit the right of fair criticism of every public officer, I must protest against the low flings and abusive language of this violent, partisan opponent, who has infused ito the pages of his book so much of the malice of unfairness as to make it unworthy the name of history, or of use in any reputabe institution of the country.

"3. I have refrained heretofore from all comment upon the innuendoes of enemies muttered or murmured in secret and therefore with safety to themselves. I think the time has now come to take such action as may bring this entire matter under discussion under the clearer and calmer review of my brothers in arms, and to this end I ask such action at the hands of the Department as it may deem best to accomplish this purpose.

"4. But I would express the request in this connection that whatever the action may be that it occur in Washington where most of my papers and data are stored.

"Very respectfully,
"W. S. SCHLEY,
"Rear Admiral U. S. N.

"To the Secretary of the Navy, Washington, D. C."

Secretary Long replied to Admiral Schley as follows:

"Navy Department, Washington, July 24.

"Sir: I am in receipt of yours of the 22d inst., with reference to the criticisms upon you in connection with the Spanish-American war, and heartily approve of your action, under the circumstances, in asking at the hands of this Department 'such actions as may bring the entire matter under discussion under the clearer and calmer review of my brothers in arms.' The Department will at once proceed in accordance with your request.

"Very respectfully,
"JOHN D. LONG.

ADVICE FROM THE ENEMY.

It Points by Inversion to a Possibly Successful Reform Movement.

Phliadelphia Times.

It is a good rule in politics as in war to find out what the enemy wants you to do and then do the other thing. It is a fact whose significance cannot be overlooked by the Democrats of Pennsylvania that the pricipal newspapers which represents the Quay-Durham interest is most concerned for the nomination of a "straight" Democratic ticket this fall; that Republican partisans generally are of this same view, and that protests against "fusion" are coming simultaneously from persons recognized throughout the State as Quay Democrats. All the bogus Democrats who went over openly to Quay in the late legislature are earnestly against fusion with the indepedents. All the machine leaders insist that it would be a great mistake.

Sincere Democrats who wish to accomplish results,for the Commonwealth and for the party, will ponder these facts, and observing that all the forces of the enemy and his allies are earnestly opposed to fusion, they will conclude that fusion is what the enemy most dreads, and that it is, therefore, the wisest plan to follow.

The Democratic party is not in a position at this time to carry an election in Pennsylvania unaided. We need not stop now to discuss the reasons why. We have simply to consider facts, and it is a fact that it cannot command, on mere party lines, a majority of the voters. By putting itself at the head of the movement and inviting he cooperation of the independent Republicans it can enter into the campaign with every hope of success. Out of such success will be developed without efforts a strong and confident party organization that will become again a forceful factor in the State. That is what the Republican machine does not want. It is what the Democrats ought especially to strive for.

This year's election in no possible way involves any question of national policy. It concerns only the rescue of Pennsylvania from the organized band of political plunderers who have fastenede their control upon every branch of public authority. To this essential end the Democratic party should both invite and seek the cordial union and co-operation of all good citizens and as cordially unite with every organized effort to regain the political liberties of the Commonwealth. This is the opportunity not to be thrown away as the opportunities of the legisative session were sacrificed by so-called Democrats, who made their own private "fusion" with the Quay machine. The fear of an independent fusion that the machine now manifests is sufficient evidence that is is the right policy for Democrats to support.

A DISCOVERY.

Mr. James R. Coleman, a native of Pittsylvania county, Virginia, was afflicted with indigestion for twelve years; he could eat no solid food without great agony, and could not sleep at night.He was treated by eminent physicians who pronounced his case hopeless. As a last result he began the use of a preparation of his own as an experiment and found relief at once; in six week's time he was able to resume his farm work, a cured man. This was six years ago and he has had no return of the symptoms up to this time.

Mr. Coleman called the remedy 'Coleman's Guarantee," and the results from its use among his friends were so marvelous that The Coleman Remedy Company was formed last year at Danville, Va., for the general sale of the preparation. "Coleman's Guarantee" is sold by druggists at 50c (large) bottles. Ask for booklet telling of many wonderful cures.

Bad Circulation is the cause of most of the ills that come with old age. With advancing years there is a decline of strength and vigor—the machinery of the body moves with less speed and accuracy. Because of the weak and irregular action of the heart the blood moves more slowly, becomes impure and loses much of its life-sustaining properties, and muscles, tissues and nerves literally starve for lack of nourishment. A sluggish and polluted circulation is followed by a long train of bodily ailments. Cold feet, chilly sensations up and down the spine, poor appetite and digestion, soreness of the muscles, rheumatic pains, hard and fissured skin, face sores, chronic running ulcers on the lower limbs and other parts of the body—these and many other diseases peculiar to old people are due to a lack of healthy blood and imperfect circulation. Restoration to health must come through the building up and purification of the blood, thus adding strength and tone to the vital organs and quick, healthy action to the circulation.

S. S. S. being strictly a vegetable blood remedy and the best tonic, makes it the most valuable and efficacious of all medicine for old people. It is free from all mineral ingredients, and mild and pleasant in its action. It cures blood diseases of every character, even those inherited or contracted in early life. As the system gets under the influence of S. S. S. there is a marked improvement in the general health, and as richer and purer blood begins to circulate through the body the appetite improves, and there is a softness and elasticity about the skin that you have not noticed for years; sores begin to heal, pains in muscles and joints gradually cease, and you find that it is possible to be happy and healthy even in old age.

Our medical department is in charge of physicians who make a study of blood and skin diseases. If you would like to have their opinion and advice in your case, write them all about it and you shall receive such information and advice as you want. This will cost you nothing. Others have found our medical department of great benefit to them—their cure being much more rapid as the result of some special directions received from our physicians.

Don't be your own doctor when you can get medical advice free. Book on Blood and Skin Diseases mailed to all who desire it.

Pretty Children

"We have three children. Before the birth of the last one my wife used four bottles of MOTHER'S FRIEND. If you had the pictures of our children, you could see at a glance that the last one is healthiest, prettiest and finest-looking of them all. My wife thinks Mother's Friend is the greatest and grandest remedy in the world for expectant mothers."—Written by a Kentucky Attorney-at-Law.

MOTHER'S FRIEND prevents nine-tenths of the suffering incident to childbirth. The coming mother's disposition and temper remain unruffled throughout the ordeal, because this relaxing, penetrating liniment relieves the usual distress. A good-natured mother is pretty sure to have a good-natured child. The patient is kept in a strong, healthy condition, which the child also inherits. Mother's Friend takes a wife through the crisis quickly and almost painlessly. It assists in her rapid recovery, and wards off the dangers that so often follow delivery.

HIS LIFE WAS SAVED,

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." S'SH SLEEP AT LAST

LAXAKOLA DOES IT

NO ONE BUT A MOTHER can appreciate the benefit that sound refreshing sleep gives to an ailing, teething, feverish, colicky, fretty infant. Almost distracted by its constant crying, and worn out with weary, anxious care and watching, she tries everything possible to obtain even relief for the little sufferer.

With what comfort and delight she sees her little one drop off into a deep peaceful health-giving slumber, after its little clogged bowels are cleared of their poisonous burden by a single dose of Laxakola, the great tonic laxative and mother's remedy.

Laxakola is a pure, gentle and painless liquid laxative, and contains valuable tonic properties which not only act upon the bowels, but tone up the entire system and purify the blood. A few drops can be given with safety to very young babies, which will often relieve colic by expelling the wind and gas that cause it. Great relief is experienced when administered to young children suffering from diarrhœa, accompanied with white or green evacuations, as it neutralizes the acidity of the bowels and carries out the cause of the fermentation. LAXAKOLA will aid digestion, relieve restlessness, assist nature, and induce sleep. For constipation, simple fevers, coated tongue, or any infantile troubles arising from a disordered condition of the stomach it is invaluable.

Laxakola, the great tonic laxative, is not only the most efficient of family remedies, but the most economical, because it combines two medicines, viz.: laxative and tonic, and at one price. No other remedy gives so much for the money. At druggists, 25c. and 50c., or send for free sample to THE LAXAKOLA CO., 132 Nassau Street, N. Y., or 356 Dearborn Street, Chicago.

THURSDAY, JULY 25.

A HANDSOME BUILDING.

Greensboro Loan and Trust Company's New Quarters Opened Today.

The new bank building of the Greensboro Loan and Trust Company, was occupied this morning for the first time. The building is one of the handsomest of its kind in the State ,and reflects credit upon the institution and upon the city as well. Through the courtesy of the genial president, Capt. J. W. Fry, a Telegram representative was shown through the entire building this morning. On the first floor is located the banking rooms, which consist of the president's office, treasurer's office, teller's department, and the general rooms for the accountants. In the rear is located the directors' rooms, and the trust rooms.

One of the first objects that impresses a person upon entering the banking room is the large burglar proof safe deposit vault. The door to this vault is opened by a time lock and then the usual combination lock. So heavy is the door that it cannot be shut or opened by one man, and is shut and opened by the turning of a wheel, similar somewhat in general appearance to a brake wheel on a train.

Within this vault are the safe deposit boxes. They are 102 in number, but room is provided for greatly increasing this number. They are opened by the person who own them only with the assistance of the bank official, and without two keys the box cannot be opened.

On the second floor are located office rooms, and on the third sleeping apartments. Two of the offices are already occupied, one by Dr. Humphrey and the other by Dr. Battle.

The building is thoroughout a handsome and convenient one, and is an ornament to the city.

The following announcement has been gotten out by the institution:

We begin business in our new quarters today, and you are cordially invited to call and examine.

The only screw door burglar proof safe in the city.

The only steel fire and burglar proof safe deposit vault in the city,

The most conveniently arranged office in North Carolina.

We transact a general banking business,

Furnish travellers letters of credit,

Make loans on improved real estate,

Negotiate mortages and act as receiver, trustee, guardian, executor and administrator, and conduct a general fire isurance agency.

A legal depository for court and trust funds.

High Point, July, 25.—The condition of Mr. Will Richardson, who has geen extremely ill with tyhoid fever, is somewhat improved. Hope is now entertained for his recovery.

Carpenters here were never so busy and also as scarce as now. It is the same way with brick masons. There is a reat deal of building going on to supply the over demand for homes and business houses.

Several local sports went to Logan's pond this week fishing and soon after they arrived were treated with a "surprise," the like of which they had never experieneced before. They were caught i a thunderstorm and sought refuge in a mining shed. All at once they discovered that they were sitting on boxes of ynamite. They immediatey made their departure, prefering the storm and lightning to that of the other article of destruction.

Messrs. P. A. Clinard and J. C. Teague will build residences on their lots on the old college property.

High Point is making an effort to secure the college of the M. P. denomination to be located in some part of the State.

Mr. A. S. Ellison, of this place, is the Secretary and Treasurer of the Hickory Furniture Company at Hickory, N. C.

There was a large attendance at the Annual Meeting of Thomasville Orphanage today. The annual address was delievered by R. B. Glenn, Esq., of Winston.

Dr. J. R. Reitzel will build a $5,000 residence on North Main street.

Mr. A. V. Sapp, secretary and treasurer Piedmont Table Company, is in New York attending the furniture exposition.

Mr. J. F. Hoffman has bought the dray line of Mr. W. E. Johns'.

Taking MacKinght at his word "that he would satisfy he people that the is not guilty of the accusation against him," the warden of the Ohio penitenary has been sent for to decide whether MacKinght is an ex-convict or not.

The remains of Mrs. D. C. Covington were taken to Asheboro Tuesday to be enterred in the family burying ground there.

The wife of Parson Brooks, the colored presiding elder of the M. E. church here, died yesterday after an illness of several weeks.

Mrs. J. T. Herrin, who has been visiting the family of Mrs. H. F. Stamey, left today for her home in Pilot Mountain.

Mrs. Rufus King, of Archdae. will occupy the J. Elwood Cox residence on Green and Rankin streets and will keep boarders.

The camp meeting under the direction of the Weseyan Methodist church, is still in progress here in the Quaker grove. Good crowds are in attendance nightly, and there have been some conversions.

Miss Deborah Tomlinson is at Mt. Vernon Springs.

Miss Connie Van Lindley,of Pomona, is visiting Miss. A. Tomlinson.

Miss Pearl Van Lindley is visiting the Misses Freeman at Archdale.

Mr. O. L. Roach, of Danville, has opened a marble and granite yard here.

A clothing man from Sanford wants to locate here if business quarters can be obtained.

Prof. Chas. Lee Smith, of the Jewell College, Missouri, is visiting relatives here.

Mrs. Finley Tomlinson, of Durham, and her two daughters, Misses Mabel and Lottie, are spending a few weeks at Archdale. They are accompanied by Miss Lizzie Morehead, of Durham.

Mrs. Estes and sister, Miss Eugenie Burns, have returned to their home in Coeburn, after a visit to relatives.

Mrs. Wellons has gone to Atlanta to visit her mother.

Mr. J. P. Redding has returned from Hot Springs, Ark., much improved in health.

Lee Cartland is at Atlantic City, New Jersey, for a ten day's stay.

Mr. Swaim, of the Red Book Agency, Cincinnati, is here for a few days.

Give Them a Reception.

The Southside real team will return tomorrow night and it is to be hoped that some preparation will be made to give them a creditable reception. This is the third race they have won, and gives them the championship belt. Will they rest on their laurels, or like Alexandder the Great, sigh because there are no more worlds to conquer—i. e. belts to get.

McAdoo to be Enlarged.

It is understood upon what is considered reliable authority that the McAdoo House is to be enlarged at an early date by removing the adjoining wooden building and extending the Hotel to Washington street. The store room now occupied by Holton's drug store, will then be used for ice cream and soda water trade. The new corner front will be used for an elegant retail store by Mr. Holton, while the rear will be his wholesale department. This addition will give Manager Perkins 21 more rooms.

EVERYTHING NEW THIS SEASON.

A genuine old-fashioned southern cake walk by real southern darkies. Allen's New Orleans Minstrels under canvas.

This is the only minstrel company in the United States that appears under canvas the interior of which is arranged with a mammoth stage and scenery the same as an opera house but of course on a much larger scale. Owing to the large seating capacity of the tent, which is three thousand, the company is enabled to show for the extremely low price of 15 and 25 cents, thus guaranteeing the largest minstrel production in the world at the lowest price of admission.

MR. CRAWFORD'S SIDE GIVEN.

EFFORTS MADE TO DRAG ADVOCATE IN, SHOWS HOSTILITY TO IT.

The Editorial in the North Carolina Christian Advocate is Reproduced for the First Time—Is a Complimentary One—The Account of the Fight Given by a Participant.

Mr. R. B. Crawford returned to the city yesterday evening on the 6:30 train from Granville county with his family and spent the night with his father, Rev. L. W. Crawford, D. D.

A Telegram reporter called to see him after supper and asked for an interview. Mr. Crawford said: "I prefer not to make any further statements in regard to the unfortunate matter between Dr. Kilgo and myself which I very much regret, and would not do so but for the fact that misleading statements have been sent out by the other side and I desire all the facts to be known by the public.

"First of all I want to say that this was a matter solely between Dr. Kilgo and myself. My father had no intimation of it till it was all over and the effort of Dr. Kilgo's friends to drag the North Carolina Advocate into it is simply another evidence of their hostility to the paper. And I want to say right here that I challenge any man to produce a single editorial written by my father in the Christian Advocate that is an attack on Dr. Kilgo or Trinity College. It cannot be shown for it has not been written. On the other hand my father has never refused to publish any correspondence sent for publication either by the president of the College or its authorized correspondent.

"He has always upheld Trinity College, the property of the two North Carolina Confenrences together with the smaller colleges which are the sole property of the Western North Carolina Conference and it is the impartial unholding of these smaller colleges that Dr. Kilgo's friends have magnified into hostility to Trinity.

"The editorial out of which the difficulty grew was published in the Christian Advocate of May 15th. I ask any unprejudiced man to read it and see whether or not it is a complimentary notice and advertisement of Trinity College. I then ask him to see how Dr. Kilgo regarded it and how bitterly and unjustly he attacked my father for writing it. I give below the editorial in the Advocate and also what Dr. Kilgo said about it.

(THE EDITORIAL IN THE NORTH CAROLINA ADVOCATE FOR WHICH DR. KILGO SO BITTERLY ABUSED DR CRAWFORD.)

"We have received a catalogue of Trinity College from 1900 and 1901. It contains 186 pages and is neatly gotten out. We note the following:

"The catalogue shows 11 full professors, three adjunct professors, two instructors and eight assistants besides other officers. The catalogue shows cuts of the most important adportant administration buildings.There is also given a handsome cut of the library building which is to be erected on the college campus by Mr. Buck Duke, of New York. The standard of admission is high, and each department of instruction thoroughly equipped. The graduate work is a marked feature of the instruction given. This year the catalogue shows that eighteen graduate students have been in attendance.

"In addition to the scholarships already in existence the trustees have established twelve graduate scholarships, ranging in value from fifty to two hundred dollars. These scholarships are open to graduates of Trinity and other colleges. There are also fifty scholarships offered to undergraduates. ranging in value from fifty to seventy-five dollars. Forty are offered to the Freshman class, five to the Sophomore class and five to the Junior. These scholarships are awarded as a reward for merit. Examinations are held at different points in the State for the accommodation of students applying for these scholarships. There have been enrolled during the past two sessions 18 post graduate students, 18 seniors, 17 Juniors, 28 Sophomores 49 Freshman and 17 special students. Total 157.

"The executive committee is composed of six members, viz: J. H. Southgate, J. C. Kilgo, V. Ballard, A. P. Tyer, B. N. Duke. W. C. Norman. These are all in the North Carolina Conference."

(DR. KILGO'S ATTACK ON DR. CRAWFORD FOR WRITING THE ABOVE EDITORIAL):

"Dr. Kilgo said he thanked God that Trinity College had some enemies. When certain men realized that they could no longer use the college as a political football, their wrath boiled and they set about to cut the throats of the men who made such condition possible. Referring to what he termed a veiled thrust at Trinity in an editorial paragraph in a religious paper which mentioned the fact that all the members of the executive committee of the college were members of the North Carolina conference, he said: "That looks like an effort to poison the minds of good, honest people in the Methodist church against their institution. The author doesn't stop to ask where the executive committee resided when the college was located in Randolph county, though he knows. That looks like a type of politics that has gone out of fashion, even among cross-roads politicians.'

"This attack is the thanks that Dr. Kilgo gives my father for his complimentary notice of the College.

"When I saw the attack several days after it was published in the Raleigh Post, I wrote Dr. Kilgo the following letter and received the following reply:

"Winston-Salem, N. C., May 31.
"Dr. J. C. Kilgo, Durham, N. C.

"Dear Sir—The Raleigh Morning Post of Saturday May the 18th, contained a report of your speech made in Greensboro on the evening of May the 16 th. This report contains many quotations from your speech and also a reference to an editorial in the North Carolina Advocate of May 15th, on the catalogue of Trinity College. As a graduate of Trinity College and as President of the Advocate Publishing Company, will you kindly write me whether or not the Post quotes you correctly. I enclose stamped envelope for reply. "Respectfully,
"R. B. CRAWFORD."

"To this Dr. Kilgo replied: 'In reply to your letter I wish to say that the information you desire can be obtained from Mr. Chas. Ireland, Dr. Turrentine, Dr. Peacock or Dr. Turner, of Greensboro, as they were present and reside in Greensboro, the headquarters of the Advocate.'

"I could not understand why Dr. Kilgo could not answer me directly. Some time later I saw Mr. Chas. Ireland, (to whom Dr. Kilgo has referred me). He in substance admitted that something of the kind was said.

"I said no more about the matter till I saw Dr. Kilgo on the train. I had left Winston Monday morning and was on my way to Granville county to visit relatives. I met him in the second class car not very long after the train had left Greensboro. I spoke pleasantly to him. He asked me to sit down, but I could not do so except on the rail of the car seat, because his large valise was on the seat beside him.

After sitting on the car rail I said well, Doctor, I received your letter and it was certainly very unsatisfactory. He immediately replied very hotly, "yours to me was unsatisfactory." I then said "Doctor I think it was cowardly in you to make the attack you did on my father behind his back. He hotly and bitterly replied, "He is a coward and you too." At that moment I was overcome with feeling and indignation and fought him hard till I was pulled away from him towards the front of car. For a few moments we stood looking at each other when I said. "Doctor, you have always treated my father unfair and you know it." To this he replied. "Go on out of here." I replied, "I will not till I get ready" and remained longer in the car. I then went immediately in front of him, picked up my hat and returned to the first class car where my seat was. Dr. Kilgo in my hearing did not say another word.

"This is the first difficulty I have ever been in since the little scraps of boyhood days. I am a graduate of Trinity College and my Senior year was under Dr. Kilgo's administration."

TO GO TO NEW YORK.

Mr. Lendeim Will Be Succeeded Here by Mr. David Dreyfuss.

Mr. Reuben Lendheim, secretary and treasurer of the Cone Export and Commission Company, will remove from this city in a short while and will have charge of the New York office of his company. He will be succeeded in the Greensboro office by Mr. David Dreyfuss, of Lynchburg, Va. For nearly 20 years Mr. Drefus has been connected with the firm of Guggenheimer & Company, of Lynchburg, and he is a thorough dry goods man, familiar with every detail of the business. He will arrive in this city about September 1. He will occupy the house on East Washington street now occupied by Mr. Lendheim.

Mr. Lendheim, in an interview today with a Telegram representative, stated that this move was taken because of the increasing business of the Cone Export and Commission Company, which made it necessary to have increased managers for the business. He expressed himself as regretting the necessity of leaving Greensboro, but stated that he would very often be in the city.

KILLED HIS DOG

Then Threatened the Life of the Owner Should he Approach.

Last night Mr. R. L. Dixon, who lives in South Greensboro, was awakened by his dog barking, and as the dog does not bark unless there is something the matter, he got up and proceeded to investigate. Upon reaching the yard he saw a man standing at a little distance in the bushes, and when the man saw him he drew a pistol and shot the dog. The intruder then threatened Mr. Dixon with the pistol, saying that he would shoot him if he came any nearer. By this means he was enabled to make his escape in safety.

Robberies and attempted robberies are getting to be of common and almost daily or nightly occurrence, and unless they are stopped and that immediately, someone will carry away a load of shot in their skin.

Gave a Parade.

Allen's Minstrel troupe gave a street parade at noon. Two broken-winded brass bands furnished music. If these bands were combined they would make good music. The racial fondness for red manifested itself in the uniforms of crimson hue. The perfume of new mown hay followed the procession. They give a performance tonight.

EVERYTHING NEW THIS SEASON.

A. G. Allen's Big Original New Orleans Colored Minstrels, numbering more than 60 people, introducing some of the most famous Colored Singers, Dancers, Cakewalkers and Comedians known among the colored race, will appear here under canvass tonight.

SOUTHSIDES GET THE BELT.

SPENCER AND TARBORO GET SECOND AND THIRD.

Hook and Ladder Company Gets Second Money, Amount $50—Officers Elected for the Ensuing Year—Asheville Fireman Injured.

The Championship Reel Race was won by Southside Hose Company, of by the Southside Hose Company, of this city. This is the third year in succession that this team has won this belt, and according to the rules under which it is raced for, it becomes their property for all time.

The time of the successful teams is as follows:

Southside, Greensboro, 50 seconds.
Spencer, 52 seconds.
Tarboro, 59 seconds.

The festivities were somewhat marred yesterday by an accident to one of Asheville's firemen. He fell from a hose wagon, broke several ribs, and was otherwise injured.

The following account of the meetings and races is taken from the Charlotte Observer:

ELECTION OF OFFICERS.

The old officers,President,J.D.McNeill of Fayetteville; first vice president, H. L. Riggins, Winston; second vice president, W. S. Orr, of Charlotte; secretary W. C. Vonglahn, of Wilmington; treasurer, T. A. Green. of Newbern, and statistician, S. J. Taylor, of Newbern. were re-elected. The several officers made short speeches. Mr. Orr was thanked by his fellow officers for his good work toward making this meeting of the Association a success.

The Durham Hose Company No. 2 and the Eclipse Steam Fire Company, of Goldsboro. entered a protest against the decision of the judges in regard to the Goldsboro Fire Company No. 1, and the matter will be reconsidered and the charges investigated.

Asheville and Raleigh bid for the next meeting and the former got in on the first ballot. Resolutions voting thanks to Charlotte were passed. The resolution was introduced by R. D. Douglas, of Greensboro, and reads:

"Be it resolved by the North Carolina State Firemen's Association:

"That this association desires to express its sincere appreciation and hearty thanks to Vice President W. S. Orr, chief marshal; to Mr. C. H. Campbell, superintendent of water works; Mr. J. H. Mullen, chairman of the finance committee; to Mr. Joseph J Stone, secretary, Mr. Z. T. Smith and to their co-workers for the untiring and successful efforts on their part which have made this meeting both pleasant and profitable to this association. That to these gentlemen and to the citizens of Charlotte in general,this association desires to express its admiration for their beautiful and progressive city and to assure them that we will one and all long remember with the greatest pleasure our stay among them. Then the meeting adjourned.

THE ENGINE CONTEST.

As soon as the parade was over the engine contest began on East Trade street. The only entries were: The Winston Steam Fire Engine Company and the Charlotte Steam Fire Engine Company. The Winston Engine won the first prizes. She steamed first and threw water furtherest. The time was hardly considered, the long distance being the chief point of interest. Neither team made a brilliant record on "quick steaming." Winston threw water 211 feet and 5 inches with a water pressure of 180 pounds and steam pressure of 100. Charlotte failed to draw water at all. Her engine proved to be a signal failure. It is an old Patterson machine that has been in use for 25 years. It is out of date.

The Winston engine is a La France piston machine.

The judges of this contest were J. T. Abbott, of Greensboro, and L. J. Taylor, of Newbern.

The tournament closed with the engine contest till 2 oclock in the afternoon, when the horse hose wagon race and the hook and ladder contest were run.

THE HORSE HOSE RACE.

The horse hose wagon race was the chief feature of yesterday's program. It was very exciting and full of interest. Two Goldsboro companies won the first prizes. Fire Company No. 1 making the time in 39 2-5 seconds and the Eclipse Steam Fire Engine Company in 40 4-5.

The races begun promptly at 2:30. The judges were at the starting place: Messrs. R. D. Douglas, of Greensboro, and H. E. King, of Goldsboro; at the plug: Chas. Schnibben,Wilmington,and L. J. Taylor, of Newbern; at the finish: Dr. J. W. Spicer, of Goldsboro and Frank White, of Winston. Timekeepers: Chas. M. Creswell and William Bruns, of Charlotte, Mr. W. C. Vonglhan was the starter.

The companies ran in the order given below and made the following records:

Durham Hose Company, No. 2, time, 44 4-5; Wilson Fire Company No. 3, (horse faiel to run); Winston Steam Fire Company No. 2; time, 45 415, Goldsboro, the Eclipse Steam Fire Engine Company; time, 40 4-5; Asheville, Hose Company No. 1; (failed to make plug); and Goldsboro, Fire Company No. 1; time, 39 2-5. Therefore the $100 goes to Goldsboro Fire Company No. 1 and the $50 to the Eclipse Steam Fire Engine Company.

THE HOOK AND LADDER RACE.

Greensboro Hook and Ladder Company No. 1 and Winston Hook and Ladder Company No. 1 entered for the race. Messrs. J. S. Fullman, of Asheville, and J. F. Maddry, of Durham, were the judges and Chas. M. Creswell, and William Bruns, time keepers. Winston won the first prize, $100, and Greensboro second $50. The records were: Winston, 49 seconds, and Greensboro, 50 1-5.

President CHARLES D. McIVER,
Greensboro, N. C,

I have been afflicted with Catarrh for 10 years, and for years past could not hear with any satisfaction. I tried different waters—Buffalo Lithia, the White Sulphur of Mt. Airy, Warren County water, and Moore's—also all kinds of medicine recommended for Catarrh, including Hall's Catarrh Cure. Several physicians treated me; but I got no relief until I used Vade Mecum water. It has done me more good in four weeks than all other remedies in years. I am in my 89th year, and have gained seven pounds since I begun to use this water. It has given me a new lease on life. In all my long life I have never known such a remedy. It is a blessing from God, intended by Him to heal the people. ALEX NADING, Winston, N. C., October 22, 1900.

Got a Colored Shirt?

Most men have—generally several. Some of them cost quite a small sum, as shirt prices run. Would you like to see them ruined the first time you sent them to the laundry? Of course not. Then why not send them to us where they will be safe? We do not fade them or run the colors together.

BUBONIC PLAGUE.

A Stoker on a German Vessel Afflicted With a Mild Case.

New York, July 24.—Dr. Doty. health officer of the port of New York, announced today that the illness of Ribviane, the stoker on the steamer Hohenfels, who was sent o Swinburne Island on Monday, has been diagnosed as bubonic plague. The Hohenfels came fro Calcutta. Dr. Doty says the case is a mild one. The diagnosis was made by Dr. Doty first and was confirmed by Drs. Geddings and Roseneau, of the Marine Hospital Service, at Washington. All the crew of the Hohenfels will be held at Swinburne Island for observation, the vessel will be thoroughly disinfected. The cargo will be discharged into lighters at quarantine and sulphur will be burned in the hold to kill the rats, which it is said, carry the infection.

No Discrimination.

Philadelphia Record.

Senator Morgan, of Alabama, stoutly opposes the incorporation of the "grand father clause" in the new constitution of the Cotton State. He forcibly insists that "to make blood the medium of transmitting the electoral power from father to son is to uproot from its foundations the whole system of democratic government." It is quite necessary, no doubt, as a matter of safety to disfranchise a part of the negro voters of the South by the requirement of such tests of qualification for the suffrage as may be deemed expedient. But there should be no discrimination. The white man and the black man should be placed upon the dead level required by the Federal Constitution.

Hit Just Once.

Chicago Tribune.

It was Charlie's first game of golf. His patient friend had taken him sadly around the eighteen holes and watched him hack the ball into small bits and cut up the green as though it had been plowed by shrapnel. After the game Charley and his patient friend were talking to a few of the golfers on the clubhouse veranda.

"That was a beautiful shot you made this afternoon, Charley," said the patient friend.

Charley brightened up and flushed happily, while the young women looked at him admiraby. "Which one?" he asked eagerly.

"Why," said the patient friend, "the time you hit the ball."

His Perfect Defense.

Albany Press.

I heard a rather good story the other day about a conductor who was once brought up before General Manager McNamara on a complaint made by a passenger. The passenger was a woman, and her complaint was that the conductor had stared at her. "A woman complains that you rudely stared at her while she was riding on your car," said the general manager. "Says I stared at her?" rejoined the conductor. "How did she know that I stared at her?" The judge, who loves a bit of humor, saw the point, and told the man to go back to his car.

Brice's Revolutionary Talk.

New York Press.

If Councilman Stewart Melly Brice is correctly reported from London, the young gentleman is in a fair way to have his political career blasted. No other living Tammanyite has had the courage to say that the organization can get along without Croker. Brice shows the courage of his convictions and of his late father when he says: "We believe the organization is in such shape that it does not depend on the presence of any one man to make success sure." If that it not revolutionary, what can the boss call it?

The jealousies of a small individual reminds one of a bottle of ginger pop in a state of rebellion.

The last words of great men are long remembered, but the last words of little women are too numerous to record.

The latest definition of a dude—one who has no business in this world.

NO RIGHT TO UGLINESS.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation, or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kindneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at C. E. Holton's drug store.

THE W. W. KIMBALL CO.

Is the only manufacturers of pianos and organs who received the award of

"Superlative Merit and Highest Standard of Excellence"

at the world's fair: For tone quality, which is full, round, sympathetic and musical. The duration of the singing quality of the tone is remarkable. The scale is even and free from breaks. The action is first-class in every respect. The touch is easy, elastic and prompt in response, admitting of the most rapid repetition. Materials and construction give evidence of extreme care in their selection and workmanship, and are of the highest class. The designs are of great artistic excellence and are finished in the most perfect manner.

THE KIMBALL PIANO

received in addition to their diploma at the Omaha Exposition, 1898, the only Gold Medal awarded any Piano.

While the enormous sale is going on at the Southern Warerooms, why not avail yourself of the opportunity it affords and place one of these magnificent instruments in your home. Remember freights only are added to the manufacturers' cost during this sale. If you have an old instrument that you wish to exchange for a new one we will give you what it is worth.

Mrs. A. Weatherly and children left this afternoon for Gentry to spend some time visiting friends and relatives there.

A Suggestion.

To the Editor of The Telegram:

It is said that Detroit, Michigan, is one of the most beautiful cities in the Union and that this is due to the abundance of water and that wherever it is pracicable trees are planted along the streets. Aa far as the abundance of of water Greensboro hasn't quite as much as Detroit, though more than Benaja. As far as it is practicable to plant trees in time they will add much to the beauty and comfort of the residence portion. This is merely a suggestion with no penalty attached.

TREES.

Marriage of Popular Couple

Cards are out announcing the marriage of Mr. Harry Poezolt and Miss Emma Shaw, next Wednesday at 10:30 p. m., at the residence of Mr. T. M. Pickard. Dr. L. W. Crawford will perform the ceremony. Mr. and Mrs. Poezolt will leave on the 11:40 train for Baltimore.

Planting Corn.

Judging from appearances the Southern Railway is preparing to cultivate the land alongside their track. At noon today a northbound freight train passed the city. One car was, or had been loaded with corn, but at the rate it was spilling it along the track, the entire car would well be empty by the time it reached Reidsville.

LIKE A RED HOT POKER DOWN YOUR THROAT
Is the horrible sensation experienced daily by sufferers from that nerve shattering malady,
DYSPEPSIA.
It is one of the commonest of all diseases that afflicts humanity, and if not promptly cured, nothing will more surely result in the complete breaking down of health. Hot streaks, acid sourness of the stomach, sick headache, heartburn, vertigo, biliousness, dimness of vision, and other evils arising from a weak, disordered state of the stomach, promptly and effectually cured by
TYNER'S DYSPEPSIA REMEDY.
It makes the digestive organism new by building up the delicate membranes of the stomach and bowels in its gentle, soothing way. Its effect on the entire system is magical. One dose often relieves the most acute distress. A trial bottle will be mailed on receipt of 5 cts. postage. Large bottle regular size, 50 cts. At all druggists, or sent from our laboratory by express, charges paid, on receipt of price. Six large bottles for $2.50.
